

## U. S. BEGINS OFFENSIVE

### Pershing Pinching Off St. Mihiel Salient

#### REGISTRATION EVERYWHERE QUIETLY HELD

General Crowder Does Not Expect Reports Before Saturday

80,000 NAMES IN SAN FRANCISCO

Nearly Half Million Is Estimate Made at Chicago

WASHINGTON, Sept. 12.—Thirteen million men, probably more, the force from which will come the reserves to win the war, were registered today in the second great mobilization of the nation's man power.

An estimated 80,000 names were being moved in every city, town and hamlet, over the country, to add their names to the roll of 11,000,000 who had registered before, the nation's fighting army overseas was being built up against the enemy in the first distinctly American offensive operation on the western front.

Demonstrations of patriotism everywhere were marked by the registration. Long before the appointed time for the registration to begin their work, lines of citizens were waiting to enroll.

There were no reports of disorder. With registration day now history, the next move of the draft machinery will be in the numbering details of the registration cards. Until that work is completed by the local boards, the drawing of the order numbers which will determine in a measure the relative standing of the registrants cannot be held.

In the meantime, however, questions will go forward to men between 18 and 31 and 32 and 35, so that they may be classified and some of them thus made ready for call in October after the national drawing is held.

Complete reports from the registration today are not expected by Provost Marshal General Crowder before Saturday. These will show the total number of men registered as well as the proportion of this number to the estimate in each district and may form the basis for military and department of justice in rounding up of those who have evaded the law.

**Heavy in San Francisco**  
SAN FRANCISCO, Sept. 12.—Max Kuhl, chairman of the San Francisco registration committee, estimated tonight that more than 50,000 men between the ages of 18 and 45 years registered in the selective service draft here today. Pre-registration estimates had placed the number at 75,000.

"The official estimate of the registration in my particular district was more than 8,000," Kuhl said, "but the actual registration, as a matter of fact, is considerably over 5,000. If the same ratio of increase is maintained in all districts it helps the city's total war-over-the-50,000 mark. The heavy demand for cards and supplies from all districts, in my belief, also tends to show that the earlier estimate will be exceeded."

Registration totals, according to Kuhl, will not be made public, but will be transmitted immediately to the office of Adjutant General J. J. Jones in Sacramento.

**To Find Slackers**

WASHINGTON, Sept. 12.—A nationwide effort to round up men who failed to register for the draft will be started immediately by a specially organized corps of department of justice agents. "This corps," it was learned today, has been in process of organization for some time and will work quietly, without making general publicity, like those in New York which caused adverse criticism.

**Camp Registration**

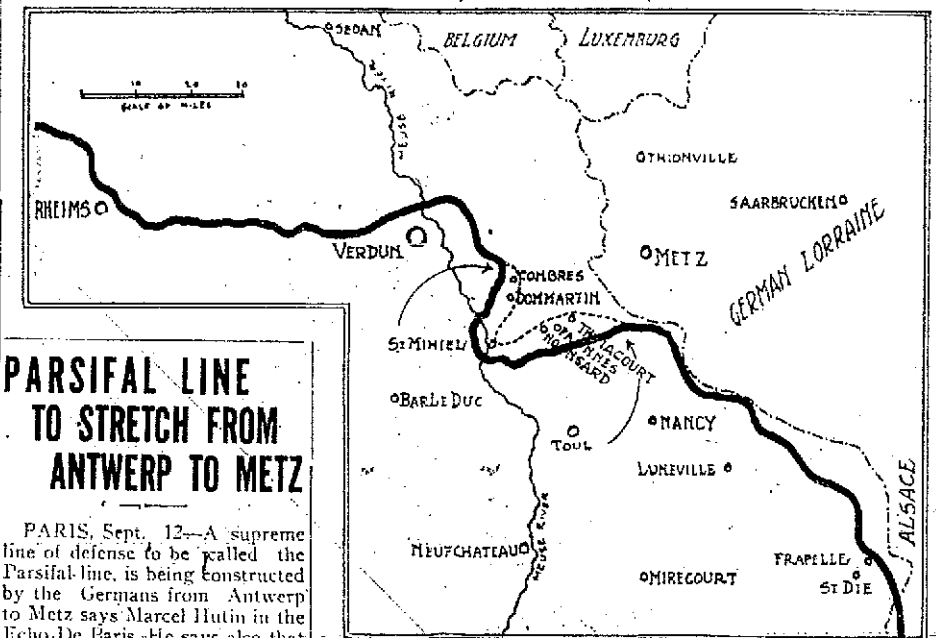

CAMP KEARNY, Sept. 12.—Seventy civilians engaged in work connected with this cantonment, were registered by the local board here up to noon today. This was more than had been expected, and a hurry call was sent to San Diego for additional supplies. James C. Burke, a knight of Columbus secretary, was the first man to register. He was on hand ten minutes before the registration board convened.

A heavy dust storm added to the discomfort of a second unusually warm day here today. The heat made offices stifling when the windows were closed and the wind made it difficult to any "make-work" with the windows open. Many officers sent their orders out in small bundles to be used as makeshift paper weights.

Better systematization led to an increase of about 20 per cent in the speed of writing government insurance applications at the recruit receiving camp today and while no official figures were available, it was said the total of today's business would be close to \$12,000,000. Only four men have been found so far who refuse to apply for insurance.

(Continued on Page 2.)

#### FIRST AMERICAN ARMY, PINCHING ON ST. MIHIEL, THREATENS METZ

PARSIFAL LINE TO STRETCH FROM ANTWERP TO METZ

PARIS, Sept. 12.—A supreme line of defense to be called the Parsifal line, is being constructed by the Germans from Antwerp to Metz says Marcel Hutin in the Echo de Paris. He says also that the Germans are putting the Antwerp forts in a defensive condition.

**MIGHT HAVE USED IT FOR HUN NAVAL BASE IN CARIBBEAN**

WASHINGTON, Sept. 12.—A potential German naval base in the Virgin Islands has been seized by the alien property custodian and will be used for the needs of the American navy and customs department. The base consists of land, buildings, docks, warehouses, large water tanks and cisterns, lighters, loading paraphernalia and coaling facilities formerly owned by the Hamburg-American line.

**NEED DRASTIC LAW AGAINST USE OF DRUGS**

WASHINGTON, Sept. 12.—Habitual use of morphine, cocaine, heroin, and preparations containing other narcotic drugs has increased rapidly in the United States within the last two years and a drastic anti-narcotic law must be enacted at this session of Congress to check the spread of the habit. These are the conclusions made public today by a special treasury investigating committee. It is estimated that at least 1,500,000 persons in the United States are drug addicts.

**MIGHT PERMIT BELGIUM TO GO WITHOUT RANSOM**

COPENHAGEN, Sept. 12.—That Germany might restore Belgium without conditions or indemnities in case no other country would be better situated as regards Belgium than Germany was the belief expressed today by Frederik Von Payer, the imperial vice-chancellor of Germany, in a speech delivered at Stuttgart.

Herr Von Payer was speaking on the depression felt in Germany and Allied countries which he attributed to the prospects of a fifth war winter. "If we could be sure that no other country would be better situated as regards Belgium than ourselves," said Herr Von Payer, "I believe I could venture to say that Belgium could be restored without conditions and without indemnities."

**URGE INCREASE IN FISH OUTPUT**

NEW YORK, Sept. 12.—An operation of state and provincial fish and game officials with the American and Canadian governments to maintain fish prices at a level low enough to make the fishery product a real substitute for meat was urged at the opening today of the annual convention of the International Association of Game and Fish Commissioners. F. W. Nelson, chief of the Federal bureau of biological survey, outlined a plan of joint Federal and state action to put into practice the new treaty between the United States and Canada for the protection of migratory birds.

#### ST. MIHIEL FALLS TO FRENCH ARMY GUARDING VERDUN

Great German Fortress Metz, in Lorraine, Only Dozen Miles Away; Take Many Towns

By The Associated Press  
The American First army, under command of General Pershing, is in action against the Germans on a twenty mile front on the famous St. Mihiel salient in Lorraine, which had stood a sharp wedge in the French line southeast of Verdun since the commencement of the war. In the preliminary thrust, ground was gained on both sides of the triangle, and also at its apex at St. Mihiel, and at last accounts the Americans, with whom some French troops are brigaded, were fast sweeping across the salient in an effort to close the mouth of the bag pocket before the Germans can extricate themselves from the perilous position they are in as a result of the suddenness of the blow and the element of surprise it carried with it.

**Gain More Than Four Miles**

Although the advance of the Americans was swift and sure and gains in excess of four miles on the southern side of the battle area were made, the cavalry, far outstripping the tanks and footmen, and was last reported operating along the railroad near Verdun, almost in the center of the salient and some ten miles northeast of St. Mihiel, and also northwest of Point-a-Mousson, through the forest and along the railway line running northward to Metz, the great German fortress, the southern outer fortifications of which are less than ten miles distant.

Thionville, Boullavoille, Pannes and several other towns in the south were captured in the initial dash, while on the west and the northern edge of the pocket, the village of Combercy was captured and the environs of Dommariville La Montagne were reached. To the south everywhere, the Americans penetrated into the heights of the Meuse and the French fought their way into the outskirts of St. Mihiel. Local reports are to the effect that the town has been recaptured by the French.

**Front of Twenty Miles**

The fighting front at the commencement of the battle aggregated twenty miles—eight miles on the western side and twelve miles on the southern side. The fighting was preceded by an extremely heavy bombardment which lasted for several hours.

The strategy of Marshal Foch in the present maneuver cannot be foreseen, except that it has as its first objective the leveling of the St. Mihiel sector and the strengthening of the Allied line from the region of Verdun eastward. The obligation of the salient would be necessary before a direct thrust toward German territory from this region would be possible. Whether Marshal Foch has in view a campaign up the Meuse valley or Metz and the Moselle valley remains to be seen.

**Haig Moves on Toward Cambrai**

In the north Field Marshal Haig is still hard after the Germans in the region of Cambrai. Here he again has advanced his front toward the much desired German base, has penetrated into the old British defensive line, crossed the Canal du Nord north of Havrincourt, has taken Havrincourt and another section of the Hindenburg line, and has sent a thousand Germans into the British prisoner camps in the rear. The Germans fought hard at Havrincourt to stay the British, but all their counter attacks were beaten off. The British also are reported in the region south of La Bassée canal and northwest of Arras.

**BRITISH CAPTURE THREE MORE TOWNS**

LONDON, Sept. 12.—The British have made further important progress toward Cambrai, having captured the three towns of Havrincourt, Trecault and Meuvres, penetrated into the old British defense line at several places and crossed the Canal du Nord, north of Havrincourt, according to Field Marshal Haig's communication issued tonight. Approximately a thousand Germans were made prisoners in the operations. The text of the communication follows:

"Our operations in the Havrincourt sector were continued to success this morning in spite of the unfavorable weather."

"English troops attacked and captured Trecault and Meuvres and captured a large number of prisoners. On their right New Zealand troops made progress east of the Gouzeaucourt wood, overcoming the obstinate resistance of a German Jaeger division."

"At Havrincourt the 62d (Yorkshire) division which carried out the section of the Hindenburg line between the canal and the canal, after sharp fighting our troops captured the village of Trecault and the section of the Hindenburg line between the canal and the canal."

"About one thousand prisoners have been taken by us in these operations. On the northern portion of the front further progress has been made by us today south of La Bassée canal and northwest of Arras."

#### FIRST AMERICAN ARMY TAKES 8000 HUNS PRISONER

Drive Begins After Two Weeks' Preparation at 1 A. M.

**HILLY REGION HARD FIGHTING**

Tanks Give Effective Bulwark to Advancing Yankees

WASHINGTON, Sept. 12.—American troops operating in the St. Mihiel sector made considerable gains today, General Pershing reported in his communique to the war department late tonight. Already 5,000 prisoners have been counted, and the movement still is in progress.

"The situation follows:—Headquarters American Expeditionary Forces, September 12, 1918. Section A.—This morning our troops, operating in the St. Mihiel sector made considerable gains. Assisted by French units, they broke the enemy's resistance and advanced at some points to a depth of five miles. They have counted 8,000 prisoners up to the present. The operation is still in progress."

**WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 12.—**By The Associated Press, Sept. 12, 6 p. m.—(By The Associated Press.)—St. Mihiel has been recaptured by the French, according to the unofficial information here.

By 2 o'clock in the afternoon the Americans had gained possession of the villages of Pannes, Boullavoille and Thionville.

**WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 12.—**By The Associated Press, 3 p. m.—The Americans in their drive reached the first objectives at some points an hour ahead of schedule time. Seven hundred prisoners have already been taken.

All along the line the advance has been carried out on schedule. Near Metz the Americans went ahead against machine gun fire and crawling tanks were sent to their aid.

To the north Les Eparges Hill and the neighboring Hill 32 were captured, numerous of the enemy surrendered at the latter place.

The American casualties have been remarkably low.

**Two Weeks' Preparation**  
LONDON, Sept. 12.—The Daily Mail correspondent at the American front sends the following description of the battle along the St. Mihiel sector:

"The first American army under personal command of General Pershing for the first time went into action today in the St. Mihiel salient. Never before has there been such a large concentration of American troops for one operation and never have the Americans been in such complete control of their own operations."

"The event had long been anticipated. Some people assigned to it regarded objectives, but in reality the attack is for limited objectives only. The concentration of a great part of the most experienced United States troops had taken place during the last two weeks and everything was planned minutely and with exactitude for a great effort in American history. Last night the final preparations were completed."

"The country over which the Americans are fighting is very difficult. The hills, ridges and deep woods make every conceivable type of enemy machine gun and in addition the Germans have a fortified line of resistance, which has everything in its favor."

#### FIRST WORK OF ALL AMERICANS

Drawing Belt Around Germans Holding Threat on Verdun

WASHINGTON, Sept. 12.—Sixteen months of vast war effort by the United States reached its first real today when General Pershing's forces struck their first independent blow in France against the German army.

Reports show tonight that successful progress is being made by the American commander's effort to bring the enemy out of the sharp salient thrust in behind the fortress of Verdun in the first year of the war. But of even greater significance to government officials is the fact that the all-American attack meant that the months of ceaseless toil and effort have now brought forth a third great organized army, backed by its own supplies and millions more soldiers, if needed.

Up to a late hour of official report from General Pershing's staff, and by officers were gathered about the great war maps, however, tracing out the (Continued on Page 2.)

**NOTICE To Subscribers**  
The Fresno Republican desires again to call the attention of its subscribers to the following notice of the War Industries Board.

"Discontinue sending paper after date of expiration of subscription, unless the subscription is renewed and paid for. (This ruling to be effective October 1, 1918.)"

#### GERMANS SELLING OUT IN RUSSIA

More Frightened Now Even Than Citizens of Entente Allies

STOCKHOLM, Wednesday, Sept. 11.—(By The Associated Press.)—Almost without exception the members of the various of the Allied nations who recently arrived here from Russia and who have had an opportunity to watch the Bolshevik regime from the beginning, express the opinion that Lenin, Trotsky and other prominent leaders of the Bolsheviks are not paid German agents.

"Just fanatics, whose activities have been of great benefit to Germany so far but who are now frightening the Germans more than the Allies," is the way one of the Americans described the leading Bolshevik.

After Mr. Helfferich, who succeeded Von Mirbach, had fled from Moscow, with all the members of the German embassy, the German business men, especially the shopkeepers, began to sell out and the haste of the Germans to escape the red terror was greater than that of the citizens of the Entente nations.

#### OIL DISTRICT MAN AMONG AMERICAN FALLEN IN FRANCE

(Special to the Republican.)  
BAKERSFIELD, Sept. 12.—Glen V. Hughes, who was employed in the Bakersfield oil district for a year and a half prior to April 6, 1917, when he enlisted at Los Angeles, was killed in battle in France last June. He was a member of Asphalio Lodge, Knights of Pythias, of McKittick.

#### URGENT INCREASE IN FISH OUTPUT

NEW YORK, Sept. 12.—An operation of state and provincial fish and game officials with the American and Canadian governments to maintain fish prices at a level low enough to make the fishery product a real substitute for meat was urged at the opening today of the annual convention of the International Association of Game and Fish Commissioners.

## REGISTRATION EVERYWHERE QUIETLY HELD

(Continued from Page 1.)

Each company visited by the insurance writers today sent out a tub of lemonade for their use. The heat in the orderly tent, with fourteen teams of three men each working in them, was intense and officers and men were appreciative of this thought for their comfort.

The 305th cavalry arrived here today from Douglas, Ariz. Its machine gun troop is to be converted into a trench mortar battery and the remainder of the regiment is to be converted into artillery and divided into two regiments, the 65th and 66th field artillery.

This will complete the skeleton for the formation of the 22nd field artillery brigade here.

### Pacifist Badly Beaten

ATLANTA, Ga., Sept. 12.—Complete unofficial returns from all but sixteen counties in Georgia gave William J. Harris a lead of 24,707 votes in the popular vote in yesterday's Democratic primary to name a successor to Senator Thomas W. Hardwick.

### Woman for Governor

ALBANY, N. Y., Sept. 12.—The Social Labor party, in filing an independent state ticket with the secretary of state, today designated a woman as candidate for governor, Olive M. Johnson of New York city.

## FIRST WORK OF ALL AMERICANS

(Continued from Page 1.)

Lines of the conflict, from press accounts as they were received. First reports were vague. They told merely that the American army had launched an attack around the St. Mihiel salient; the only sharp thrust toward the heart of France that remained to the German leaders to show for their offensive efforts since the war began. It seemed possible that the objective of the attack was Metz, just beyond the German border on the Moselle river.

Pershing Around St. Mihiel. Later accounts made it clear, however, that for the first blow, General Pershing had determined to employ the newer tactics Marshal Foch has used with repeated success in turning the foe back from the Marne and out of the Picardy and Flanders salients. The change was ready to the American leader's hand.

Almost due south of the war-ridden fortress of Verdun which has defied every German effort, the town of St. Mihiel stood at the apex of a great wedge driven into the French lines and which all but cut Verdun off from the German rear. The town, which lies along the eastern curve of this salient, American troops have stood for months holding the lines. Americans were on the line between Verdun and St. Mihiel, but the line at St. Mihiel itself was held by the French, for the fate of Verdun rested upon that line.

Outlet of Fifteen Miles. Surging forward on a twelve-mile front to the east of St. Mihiel, Pershing's men rolled over the complicated defenses of the enemy all along the line and thrust a steel-shod jaw out into the territory behind the enemy's forces that had held them. From the other side, another American thrust has carried the lines forward to meet the bulge from the east and a grim trap is being drawn about the enemy forces that remain in the salient. It was only twenty miles across the neck of the pocket and reports tonight showed that this had been closed less than fifteen miles.

Through that narrowing gap, the German forces in the depth of the salient must escape, and to withdraw without confusion that might turn the great initial thrust into a rout. The French forces, which are battering them all along the St. Mihiel front.

On the face of tonight's reports, officers here believed there was "good promise that General Pershing might succeed in closing the neck of the bag and trapping a considerable force."

Quartermaster U. S. Troops. The American attack, as it now shapes up, is a major action. It is said, and there is no doubt that the strongest American forces yet employed are engaged. Possibly a quarter of a million American troops either are in action or in close reserve.

The advance of the eastern jaw rests on a wide base. Reports indicate that it had broken through at the first rush until General Pershing could fling out cavalry screens on both sides to prevent counterattacks on his flanks. The very width of the battle line, however, tends to protect him and also to give him initial thrust the power that will carry it across the road that is the only line of retreat for the Germans in St. Mihiel. To many officers the action started today is but the forerunner of greater blows to come. They anticipate that General Pershing will follow up without delay the clearing out of the St. Mihiel salient with actions of greater scope, probably directed toward the capture of Metz. With such an advantage, it is said, a French thrust from Verdun and along the front between Verdun and Rheims would go naturally and the great movement to force the enemy out of all northern France and much of Belgium would be well under way.

## MILLIONS OF LOSS CAUSED BY RAIN IN SANTA CLARA

(Continued from Page 1.)

Record in Stockton. STOCKTON, Sept. 12.—The heaviest rainfall ever known in September was recorded here today when 3.11 inches fell during the 24 hours preceding 8 o'clock tonight. More than two inches fell between 2 o'clock this afternoon and 5 o'clock tonight. There have been only a few days in the city's history when there has been such a record for a single day. Reports from Lodi, center of a great table grape district, indicated that the crop is in grave danger of being a total loss. Beans and corn will not mature.

## BOMB EXPLODING IN CHICAGO FEDERAL BUILDING, KILLING FOUR

Western Newspaper Union. The spot in the Federal Building in Chicago where a powerful bomb exploded Sept. 4, killing four, injuring thirty and doing \$1,000 damage. Rumors gained ground that it was the work of the I. W. W. in retaliation for the sentences recently imposed on 95 of their members by Federal Judge Landis who held court in that building.

## GALLI-CURCI NEWEST LINK IN CHAIN OF PRIMA DONNAS WHOSE MARRIAGES FAILED

Her Matrimonial Difficulties Recall Cases of Melba, Framstad, Nordica, Matzenauer, Schumann-Heink and Gluck, for Whom the Mill of Matrimony Did Not Grind Smoothly, and Whose First Husbands, Therefore, Were "Ground Out"

By Margaret Moores Marshall

A Melba Galli-Curci, young, charming and at the peak of operatic distinction and popularity, has just given an upward impetus to the already high rate of matrimonial mortality among prima donnas.

"The slender, brown-eyed" little Dinah, who called out the music-mad mobs of New York last winter has appealed to the New York Sheriff to keep from her husband, Luigi Curci, her "matrimonial" and "the" furnishings and wardrobe in her apartment at No. 27 West 67th street. Mr. Curci—who in Italy is a perfectly live Marquis—has started an action against the singer's manager and accompanist, asking \$250,000 for alienation of affections.

In a frank statement the youthful prima donna—she is only twenty-nine and obviously many years the junior of her bearded artist-husband—says that from the time of her marriage, her husband has lived on her earnings, and that even her brother-in-law has looked to her for support during the last two years.

"I propose to support my husband," she says, "and I am able-bodied and have a profession."

If Cupid kept actual tables on the fatalities that seem destined to occur in operatic marriages, I doubt if he would ever direct another "arrow" against the heart of a prima donna. Little birds in their nests agree, as we were told in our childhood, but the nests of little human song-birds are likely to resemble a battleground of the Germans and the Allies.

Consider a few of the more striking examples of operatic infidelity, which suggest the question, "Should a prima donna dare to marry?" There is, for instance, Melba, who came back to glory in 1914, after a long winter in Melbourne, the chief city of her native Australia, was married when quite young to Capt. Charles N. P. Armstrong, known as "Charley."

After obtaining a divorce from her in Texas eighteen years ago, testifying that she had left him and their son and had declared she would not live with him any more. He was given the custody of the boy, although at the age of twenty-three the young artist, his mother and was treated most generously by her. The operatic hoodoo on happy marriages went over into the second generation, however, for less than two years after young George Armstrong's wedding to an English society girl she divorced him on charges of violence and infidelity.

## TRANSFER CONTROL OF SAVINGS DRIVE

To Be Coordinated With Direction of Liberty Loan

SAN FRANCISCO, Sept. 12.—The work of thrift stamp savings organizations of the Twelfth Federal Reserve bank district has been brought under the control of the Federal Reserve bank with the object of bringing about closer co-ordination of Liberty loan and thrift stamp work. It was announced here tonight at the conclusion of a meeting of state thrift stamp committee directors with James K. Lynch, governor of the Reserve bank.

A resolution was adopted calling upon the public to invest the interest coupons of the third Liberty loan, due September 15, in thrift stamps. Another resolution which was adopted called upon each state thrift stamp director to confer with the Liberty loan state chairman at least twice a year, closer to co-ordinate thrift stamp and Liberty loan activities.

Among the state directors attending the conference were: G. A. Davidson, San Diego; B. Jackson, Portland; George F. O'Dell, Salt Lake City; George Kirkland, Phoenix; Fred L. White, Reno; and R. E. Schlessinger, Northern California director.

At last the name of Jesus Christ—"the meek and lowly Jesus"—"the Prince of Peace"—of the Christian church—has been invoked by a German in behalf of Germany's success in the war. Heretofore there has been a noticeable absence of any such invocation, the Kaiser limiting his appeals and congratulations to God—presumably the God of War—alone. It has been reserved for a woman, none other than Frau Clara

## SCORES USE OF WAR IN POLITICS

Hays Writes to Tumulty of Speech in Wisconsin Campaign

WASHINGTON, Sept. 12.—WHI H. Hays, chairman of the National Republican committee, today in a message to Secretary Tumulty, said it was not true that he said to Republican state chairman in Chicago recently that the Democratic leaders at Washington would even the war with any kind of compromise if that would insure continuance of the Democratic party in power.

"I did not use the words quoted in your telegram," said the latter. "What I said then, which I now reaffirm, and which I shall continue to declare, was substantially as follows: 'If certain Democratic leaders to get votes, I said: 'In the special election in Wisconsin, the Democratic machine leaders published advertisements, undated since by them, addressed to the soldiers at Camp Grant as follows: 'To the Wisconsin soldiers at Camp Grant: 'You are entitled to vote for United States senator from Wisconsin to succeed Senator Paul O. Hastings. 'President Wilson, your commander-in-chief, desires all loyal Americans to vote for Joseph E. Davies for United States senator.'

"Davies' election means joy at Washington and gloom at Berlin," Hays said. "Davies' defeat means gloom at Washington and joy at Berlin." "The use of such an infamous proposition of all patriotic people and the grossest violation of the plainest civil duty, worthy of the severest condemnation of all Americans. From such actions it is evident and I regret to say that these Democratic leaders will go any lengths to carry the Senate and House."

In concluding his letter Mr. Hays said: "I now take the opportunity to appeal to you directly and to the Democratic organization, to join with us in the effort to keep partisanship out of the war and the war out of partisanship."

It was the war which separated Margaret Metzenauer and her husband, Ferrari Fontana, both members of the Metropolitan Opera Company. While he was fighting in the Italian Army she fled a suit for divorce. In the separation suit which was his answer he charged her with filling the house with German servants and with accusing him of being responsible for the death of her people. She is of Hungarian birth. She won her suit.

Schumann-Heink said, "Never again!" after her unhappy union, but other prima donnas are more optimistic. For example, the vivacious and attractive Alma Gluck became the wife of the violinist in 1914, after a few years' separation. Although her first marriage had ended in the divorce courts two years earlier. The luckiest first mate was a New York insurance agent, and three years after her operatic debut she and her partner, Charles, were married.

One of the greatest of the Wagnerian exponents, Olive Fremstad, also has conducted matrimony on the principle of "If at first you don't succeed, try, try again." She married Edison W. Sutphen, a retired naval officer, secretly in Salt Lake City five years later, in New York, she divorced him, and at that time and later declared that "loneliness" was the only life for her. But in 1916 an American composer, Harry Lewis Brainerd, induced her to change her mind, and they were married quietly in the State of Maine, where Mme. Fremstad has a summer camp.

von Hindenburg, daughter of Field Marshal von Hindenburg, to link the name and attributes of Jesus Christ with the German cause. According to the author of the New York Evening Sun, a member of the society of the "Friends of German Democracy" received as a Christmas card from Frau von Hindenburg these original verses:

Christ Jesus gave His life for me. From every debt I now am free: He has procured His Father's favor, He has become my gracious Saviour.

He to the bayonet thrust gives vigor, The joy to him, to pull the trigger, My aid is Jesus, that I know— On to the foe! On to the foe!

If the pervasive sentiment expressed in these original lines is but any extent significant of the general feeling of the women of Germany—if the utter unhesitatingness of the lines as a Christian message, and the exorable taste that could so use them, would be approved by any number as their author evidently approves—then, indeed, has Germany made of herself an outpost among the civilized peoples of the world. What bond of sympathy what community of interest can exist between those who would subscribe to these saccharine sentiments and those others who, at least at the Christmas season, altune their hearts in thought of Peace on Earth—Good Will to Men?

It is upon the soul of Germany's search for a light as do these lines and their employment by a woman who would in Germany presumably be considered an exponent of gentle breeding, by Robert Adger Bowen of the Vigilantes.

## BIG REGISTRATION FOR POLICEMEN

With only three of its members above the draft age, the police department made a splendid showing in the registration yesterday, twenty-nine of the thirty-eight coming under the 45 year classification. The other six registered in the first draft. Chief (posting) is under the 31 to 45 list.

## SCORES USE OF WAR IN POLITICS

Hays Writes to Tumulty of Speech in Wisconsin Campaign

WASHINGTON, Sept. 12.—WHI H. Hays, chairman of the National Republican committee, today in a message to Secretary Tumulty, said it was not true that he said to Republican state chairman in Chicago recently that the Democratic leaders at Washington would even the war with any kind of compromise if that would insure continuance of the Democratic party in power.

"I did not use the words quoted in your telegram," said the latter. "What I said then, which I now reaffirm, and which I shall continue to declare, was substantially as follows: 'If certain Democratic leaders to get votes, I said: 'In the special election in Wisconsin, the Democratic machine leaders published advertisements, undated since by them, addressed to the soldiers at Camp Grant as follows: 'To the Wisconsin soldiers at Camp Grant: 'You are entitled to vote for United States senator from Wisconsin to succeed Senator Paul O. Hastings. 'President Wilson, your commander-in-chief, desires all loyal Americans to vote for Joseph E. Davies for United States senator.'

"Davies' election means joy at Washington and gloom at Berlin," Hays said. "Davies' defeat means gloom at Washington and joy at Berlin." "The use of such an infamous proposition of all patriotic people and the grossest violation of the plainest civil duty, worthy of the severest condemnation of all Americans. From such actions it is evident and I regret to say that these Democratic leaders will go any lengths to carry the Senate and House."

In concluding his letter Mr. Hays said: "I now take the opportunity to appeal to you directly and to the Democratic organization, to join with us in the effort to keep partisanship out of the war and the war out of partisanship."

It was the war which separated Margaret Metzenauer and her husband, Ferrari Fontana, both members of the Metropolitan Opera Company. While he was fighting in the Italian Army she fled a suit for divorce. In the separation suit which was his answer he charged her with filling the house with German servants and with accusing him of being responsible for the death of her people. She is of Hungarian birth. She won her suit.

Schumann-Heink said, "Never again!" after her unhappy union, but other prima donnas are more optimistic. For example, the vivacious and attractive Alma Gluck became the wife of the violinist in 1914, after a few years' separation. Although her first marriage had ended in the divorce courts two years earlier. The luckiest first mate was a New York insurance agent, and three years after her operatic debut she and her partner, Charles, were married.

One of the greatest of the Wagnerian exponents, Olive Fremstad, also has conducted matrimony on the principle of "If at first you don't succeed, try, try again." She married Edison W. Sutphen, a retired naval officer, secretly in Salt Lake City five years later, in New York, she divorced him, and at that time and later declared that "loneliness" was the only life for her. But in 1916 an American composer, Harry Lewis Brainerd, induced her to change her mind, and they were married quietly in the State of Maine, where Mme. Fremstad has a summer camp.

von Hindenburg, daughter of Field Marshal von Hindenburg, to link the name and attributes of Jesus Christ with the German cause. According to the author of the New York Evening Sun, a member of the society of the "Friends of German Democracy" received as a Christmas card from Frau von Hindenburg these original verses:

Christ Jesus gave His life for me. From every debt I now am free: He has procured His Father's favor, He has become my gracious Saviour.

He to the bayonet thrust gives vigor, The joy to him, to pull the trigger, My aid is Jesus, that I know— On to the foe! On to the foe!

If the pervasive sentiment expressed in these original lines is but any extent significant of the general feeling of the women of Germany—if the utter unhesitatingness of the lines as a Christian message, and the exorable taste that could so use them, would be approved by any number as their author evidently approves—then, indeed, has Germany made of herself an outpost among the civilized peoples of the world. What bond of sympathy what community of interest can exist between those who would subscribe to these saccharine sentiments and those others who, at least at the Christmas season, altune their hearts in thought of Peace on Earth—Good Will to Men?

It is upon the soul of Germany's search for a light as do these lines and their employment by a woman who would in Germany presumably be considered an exponent of gentle breeding, by Robert Adger Bowen of the Vigilantes.

## BIG REGISTRATION FOR POLICEMEN

With only three of its members above the draft age, the police department made a splendid showing in the registration yesterday, twenty-nine of the thirty-eight coming under the 45 year classification. The other six registered in the first draft. Chief (posting) is under the 31 to 45 list.

## BLISS NATIVE HERB TABLETS

A RUN DOWN SYSTEM is like a run-down clock. Unless tuned up it is of little use. If you are run-down from over-work, don't neglect your condition. Get a box of Bliss Native Herb Tablets, take one or two at bedtime, and you will notice an immediate improvement. For over thirty years they have proven a wonderful aid to men, women and children in maintaining health and vigor. George Grindstaff, Knoxville, Tenn., writes: "I am thankful for this wonderful remedy, because I am enjoying good health." Don't delay taking Bliss Native Herb Tablets. There is nothing to equal them for removing the cause of constipation, liver and kidney trouble, sick headache, rheumatism or disorders of stomach. They stimulate the liver, purify the blood and tone up the system. They also improve the appetite. Get the genuine. Look for the trademark and money back guarantee on every box. Price \$1.00 per box of 200 tablets. Sold by leading druggists and local agents everywhere.

## CITY LIGHTING TO BE CUT DOWN 40 PER CENT

Decision Is Reached at Conference Between Mayor and Riege

City Fuel Administration Says All Possible Lightings Must Be Eliminated

Forty per cent of the lighting system of the downtown district will be cut off September 16 as a fuel saving measure. This action was agreed on yesterday between Mayor Toomey and C. H. Riege, city fuel administrator.

The following statement was issued by Administrator Riege after the conference: "The U. S. fuel administration orders that the amount of public lighting in any city, village or town shall be only so much as may be necessary for safety."

All our street lighting which involves directly or indirectly the use or consumption of coal oil, gas, or other fuel shall not be lighted until 30 minutes after sunset and turned off not later than sunrise. It is the opinion of the fuel administration that the use of fuel or light generated or produced by the use or consumption of fuel for any unnecessary purpose is wasteful and prejudicial and injurious to the national security and defense.

Exceptions: Bona fide roof gardens where meals are served and outdoor restaurants, also outdoor moving picture establishments at which admission is charged.

Fresno city is noted for being one of the best lighted cities in the state, particularly in the district where the electric lights are installed. The effect is infinitely pleasing. While well lighting the city was the primary object, the attractive electric system shows by the well thought out plan that it was intended for display or advertising purposes. The war has so changed conditions that all lights not absolutely necessary for public safety must now be turned out.

A plan has been worked out with the approval of Mayor Toomey whereby the electric lights can be reduced with safety two-fifths of the present number. At present there are ten lights in each block. Beginning Sunday, September 15, they will be reduced to six lights, i. e., two lights on each corner and two in the center of the block. The two intervening lights between the center of block and corners to be cut out.

This will effect a great saving of fuel and incidentally represent a very considerable saving in money to the city, and the general effect of the electric system will still be maintained.

Many cities in California have reduced their street lighting to lights only on the corners. In view of recent events and

## Abandoned Boy Wants to Come Home, Gotta Cow?

Decision Is Reached at Conference Between Mayor and Riege

City Fuel Administration Says All Possible Lightings Must Be Eliminated

Down in Los Angeles there's a little Fresno boy who wants to come home. Just why he wants to come home to Fresno is one of those impulses of a little heart that no one tries to explain.

Fresno didn't treat little Alfred Stockton very well. But he was just a baby then. He cried until his little face was all red and puffy and clenched his chubby little hands and held his breath and everything. When his daddy and mother went away and left him all alone with his poor little sister who is an angel now, Alfred said, "But he doesn't remember all that, doesn't even remember how he cried and how his heart hurt him—little babies are so blessed with forgetfulness."

Alfred doesn't even remember the big policeman that broke into the house and took him up in his great arms and told him he was safe and there weren't really any goblins in the cold, dark room.

That was 11 years ago—when Alfred found himself alone in the world. And a little kiddie who has just grown his toddling clothes isn't big enough or strong enough to face the world alone. So Alfred and his sister were taken over to the police station and played horse for hours—riding about the halls on the wide, blue backs—until they were quiet enough to fall asleep. Next day they were taken over to the County Farm and later the Salvation Army mothered them and fathered them and sent them to the big home at Lytton Springs. There little Gertrude died and went away to live with the angels. And Alfred grew to be a big boy of 11 and learned how to milk cows and do lots of things.

Margaret Marsh Parker, assistant probation officer of the Los Angeles Juvenile court, is looking after Alfred now, but the boy looks to come back to Fresno. He says that's where he was born and every boy has friends where he was born.

And Miss Parker thinks perhaps there's someone in Fresno who remembers who little Alfred was left alone—some aunt or uncle or kind-hearted rancher. And she says Alfred is a useful little man.

Do you need a boy to milk your cows?

possible recurrence of them, it was thought advisable to leave the two lights in center of blocks for better protection to the public and property—for the present at least.

Chairman Fresno Fuel Committee, C. H. RIEGE.

Chairman Fresno Fuel Committee, C. H. RIEGE.

## EMPEROR'S DREAD IS DEBS GUILTY OF BREAKDOWN OF MORALE

Tells German People They Must Stick Together or Be Destroyed

Enemies Hate Them Because They Have Been Successful

AMSTERDAM, Sept. 12.—Speaking at the Krupp munitions works at Essen, Emperor William declared that everyone in the remotest corner of the fatherland must stick together and stand united. He said that the war was not as possible for your people and for the entire civilized European world.

"The emperor said it took two to make a war, and that one could not do it unless he could overcome the other," he said. "I declared war on your people and on the entire civilized European world."

"The emperor said it took two to make a war, and that one could not do it unless he could overcome the other," he said. "I declared war on your people and on the entire civilized European world."

"The emperor said it took two to make a war, and that one could not do it unless he could overcome the other," he said. "I declared war on your people and on the entire civilized European world."

"What I want to do today is to express my personal thanks to the directors of the Krupp, the foremen, the workmen and the workwomen for the absolute unflinching manner in which they have worked. Very great work has been accomplished by all from the director's down to the workman and workwoman, and this under increasing food and clothing difficulties and the losses, sorrows and cares which have spared no home, neither princely house nor modest workman's dwelling."

"Industrial mobilization without distinction of age or sex has constituted a demand such as never before was made on the German people and yet it was responded to willingly and loyally. In that connection, I must like to express my warm thanks, as the country's father, to the women as well as the men for the self-sacrificing performance of their duty, despite their harassing cares. No one amongst our people should imagine I am not conversant with this."

"In my journeyings through the land I have spoken with many a widow, many a peasant, many a member of the land, and the land and the people have been heavy with cares, but I have been touched by your care in the depths of my heart."

"I have been touched by your care in the depths of my heart."

**We Can Deliver MAXWELLS**

You who need a car should consider right now the above statement, for the time when automobiles can be purchased as they once were is fast drawing to a close. It takes the steel of thousands of automobiles to build one ship—and ships we must have whether people walk or not. It is up to you right now, Mr. Buyer, to get your Maxwell—when the price is right and when you can still get delivery. As for the car, it is acknowledged to be the best value in the market and the most economical to operate. You can run a Maxwell at a total cost of less than three cents per mile.

## SOCIETY

Along with a lieutenant's commission yesterday, arrived officers for Dr. Frank Pomeroy, who is to report shortly for army service at Santa Anita. Mrs. Pomeroy will accompany her husband south, and join the army contingent in San Diego.

Lieutenant George Hodgkin, who is out from Love Field, Dallas, Texas, on a furlough, spent yesterday in Fresno as the guest of Mr. and Mrs. H. H. Hodgkin and Mr. and Mrs. J. H. Hodgkin. Lieutenant Hodgkin is spending most of his furlough in Berkeley, with his mother, Mrs. W. M. Hodgkin, and was accompanied from there yesterday by his sister, Mrs. Peter Anderson, of Stockton, who will make a brief visit in Fresno before her return.

A cordial welcome is being given Mrs. Joseph Collins and her young son, upon their recent arrival from Long Beach. They will remain in town for several weeks as guests of Mrs. Collins' parents, Dr. and Mrs. J. C. Cooper, who have also returned from the south after a visit there.

Mr. and Mrs. Blaine Rogers and little daughter, Patricia, motored home on Wednesday from San Francisco, where Mrs. Rogers and daughter have been among the Fresnoans summering at the Fairmont Hotel.

Mrs. C. B. Shaver and Mrs. Harvey Swift motored to San Francisco on Wednesday, where they will spend some time. They will be joined at the end of the week by Miss Doris Shaver, who plans to go up on Saturday.

Mr. and Mrs. C. T. Cearley and Miss Milla Cearley have returned from a very delightful six weeks' motor trip north. While in Berkeley Miss Cearley was made the hostess of a number of complimentary receptions, and her recent announcement of her engagement to Lieutenant Earl Thomas Parrish.

Mr. and Mrs. J. Ed Hughes and daughter, Miss Louise Hughes have returned from a several months' sojourn in Pacific Grove and other coast points. While away, they enjoyed a motor trip to Lake County.

A. G. Wahlberg leaves today to join his family who have been sojourning at Santa Cruz for a couple of months. Master Wahlberg had the misfortune to break his left arm, which accident has delayed the return of the family.

Miss Ada Beveridge left on Wednesday for Mills College, where she will resume her studies. Among other Fresnoans entering Mills at the fall semester will be Miss Pamela Tyler and Miss Marjorie Rooding.

Mr. and Mrs. H. E. Vogel and daughter, Miss Verna Vogel, and Bernal Vogel returned early in the week from San Francisco and coast points where they have summered, and later a week at the Sacramento state fair.

Mrs. Walter Shoemaker and Miss Mabel Shoemaker have returned from a delightful summer outing at Coronado.

Mrs. James Tyne has returned to Fresno after a summer's sojourn in Berkeley.

Misses Marguerite and Catherine Baiths, who have been summering in San Francisco, where they have been devoting part of their time to musical studies, are now visiting relatives in Stockton.

Mrs. H. D. Rowell, Miss Jane Rowell and Miss Rowell, Jr., and Miss Gertrude Rowell, of San Jose, are enjoying a motor trip in southern California.

Mrs. George Cosgrave and daughter, Margaret, have returned from a summer outing at Alameda.

Mr. and Mrs. A. C. Wheelock and children and Mr. and Mrs. James McKittrick and son returned early in the week from Santa Monica, where vacation headquarters were established.

Mr. and Mrs. F. C. Huebner and sons, and C. M. Ozias and Irvine Allen, have returned from an interesting motor trip back into Kings River Canyon.

Mrs. F. W. Fisher and her daughter.

Top—Alexander B. Kunstman, Ed. F. Bopp and William A. Allen.  
Bottom—Dr. Levon Boyajian, Leon Strakian and Ernest W. Jones.

Ernest W. Jones of Parlier has notified his parents of his arrival overseas. He is a member of Company G, 12th Infantry, and before sailing was stationed at Camp Fremont. He attended the high school at Selma, and afterwards was a student at Heald's college in Fresno. His parents, Mr. and Mrs. A. J. Jones, reside in Parlier.

Mr. and Mrs. J. Kunstman have received word of the safe arrival of their son, Alexander B. Kunstman, overseas.

Mrs. Holland K. Mallett are enjoying a short outing in San Francisco and the bay cities.

Mrs. John Meux and children are at home after a later summer sojourn at Long Beach.

A well arranged surprise party was that of last evening, when Mrs. W. M. Hughes and Mrs. Allan G. Birmingham, collaborated in a complimentary affair for Mr. Hughes. Dancing and informal music provided the evening's diversion, and patriotic appointments were marked.

Among those included in the party were Messrs. and Mrs. Allan G. Birmingham, A. L. Anderson, James Broad, Jack Broad, A. G. Baymiller, Misses Anna Birmingham, Florence McDonald, Agnes Erro, Laura Kehl, Winifred Kelly, Lucile Kelly, Agnes Kelly, Martha Gill, Lillian Broad, Virginia, Louise, and Charles. Richard Steele, Dolph Gomez, Frank Pavia, Carl Birmingham, Gilbert Baymiller.

Many Fresnoans will be interested in the announcement of the marriage of Miss Agnes Violet Allen, of Upper Lake, California, and Charles W. Bradford, of the city. The ceremony, having been solemnized on September 4, at the home of the bride's mother, Mrs. G. W. Bradford. The bride, who is a graduate of the San Jose Normal School, formerly taught in one of the Fresno county schools, and so she will be no stranger in the vicinity, when the couple return from a honeymoon in the Santa Cruz mountains to make their home at Rialto City.

The Faith Circle of the First Christian Church will hold a business meeting at 8 p. m. tonight in the basement of the church. All members are requested to be present.

The announcement of the marriage of Miss Mary Virginia Martin and Dr. Charles Wendell David, of Oakdale, on Wednesday will be of interest to Fresno friends of the bride, who claims a number of relatives locally. Following close upon the engagement announcement came the nuptials, and the couple leave California shortly to make their home in the east.

The romance had its inception several years ago, when the principals met in Rome, where both were touring. Mrs. David is an accomplished pianist, having spent eight years in Paris, where she studied under great teachers. She returned at the outbreak of the war. Dr. David is a son of Rev. Charles David, of Chicago, and is the professor of history at Bryn Mawr.

## PEACH CROP IS SAFE FROM RAIN

Half in Packing House, and Rest Protected, Report

The Fresno district peach crop is pretty well under shelter, about 60 per cent of the crop being in the packing houses according to Al Sunderland, secretary of California Peach Growers. A large part of the remainder is under sheds, and other quantities are boxed and covered. The rain is not worrying the peach country.

The first orders for deliveries of peaches in the U. S. government have come in. The Army and Navy were to get 14,000 tons, by far the larger part of this year's crop. It was generally supposed that the fruit would all be moved at one time, or in several large shipments early in the fall. The first of these shipments will be made in a few days.

## WOULD DEPOSIT BONDS FOR FUND

Application was made by the Fresno City Water company of Fresno, to the state railroad commission today, for authority to deposit \$5,000 of its bonds previously authorized by the commission in lieu of cash deposit with the New Amsterdam Casualty company. The water company has been paying \$500 a year as an indemnity fund for its bond of self insurance under the state compensation insurance law, and it prefers to deposit bonds in place of cash.

## CHURCH TO HONOR SOLDIER MEMBERS

A special patriotic service is announced to take place on Sunday night at the First Methodist church when the service flag of the church, containing 67 stars will be dedicated, and the honor roll of the church will be unveiled. Dr. W. A. Hettis, pastor of the church, will conduct the service. This is the first evening service since the summer vacation.

Dr. Hettis announced that the families of the boys who have joined the service will have the seats of honor, and the members of the church unit of the Red Cross will appear in uniform.

## THE WEATHER

U. S. Bureau Report

FRESNO, Sept. 12.—Local forecast: Continued unsettled weather. Frequent showers; cooler; light winds, mostly westerly.  
Local data:  
Temperature.....52-61  
Humidity.....65  
Barometer.....30.1  
Average daily high temperature for September.....58  
Average daily low temperature for September.....42  
Highest and lowest this date.....61 and 42  
Precipitation maximum and minimum this date......85 and .02  
Highest and lowest this date last year......80 and .00  
Time of sunrise September 12, 6:35; of sunset, 7:10.  
Baromet. Conditions.  
Rain fell in four northern California from San Jose (Ohio) northward along the coast and from Alameda northward in the interior valleys during Wednesday night. It continued in that part of the state during Thursday and rain was in showers at all stations at 5 p. m. Extremely heavy falls have occurred in the Los Angeles and Santa Ana mountains and in the Bay sections, thunder attending the rain at a number of stations. Rain probably in considerable amount will reach this section during Thursday night and the weather probably will continue unsettled and showers over Friday.

SAN FRANCISCO, Sept. 12.—Forecast: San Joaquin Valley—Foggy unsettled weather with showers; light westerly winds.

## C. OF C. TO EMPLOY EXHIBIT EXPERT FOR FAIRS

Wider Field Is Opening  
for County Body in  
Exploitation

William Glass Takes Issue  
With Single Tax Men  
in State Plan

The splendid showing made by the Fresno County Chamber of Commerce at the State Fair, and the call made upon Fresno county for district representation may result in the employment of an exhibit "artist" who shall devote his entire time to the making, maintaining and care of exhibits.

This, if the desired artist can be secured—in this instance the artist being Peter J. Rasmussen, now otherwise employed and in a manner which may make release difficult of accomplishment.

This was the decision reached yesterday, at a meeting of the directors of the Fresno County Chamber of Commerce, held at the Commercial Club, at the luncheon hour.

This action was based upon the recommendation of Secretary H. E. Patterson, who pointed the call of the State Fair, the Fresno District Fair and the Liberty Fair, the latter to be held at Los Angeles October 12 to 25, where a half million of people can be brought into an intimate understanding of something of the riches of the Fresno county prosperity and development.

Coupled with this outline of responsibility, is the care and maintenance of the wonderful train exhibit of the San Joaquin Valley Counties Association, an exhibit that has been installed at the Fresno Civic Auditorium and entrusted to the watchcare of the Fresno County Chamber of Commerce.

This activity calls for more Chamber of Commerce help, and that of an expert, and the prize monies received from the several fairs will meet the added expense.

In presentation of the matter before the board, Mr. Patterson made the following comprehensive statement of the present and future need:

"Encouraged by the results obtained at Sacramento, the interest shown in the Fresno county exhibit and the demand for dried fruits and other manufactured products, the directors of the Fresno County Chamber of Commerce have adopted a plan to provide for the handling of county exhibits.

"The exhibit at the Fresno Auditorium considered to be by far the most attractive of any in the state of California will be placed in charge of a competent person to maintain it with

## POWER CO. SEEKS INCREASED RATES

That the 10 per cent increase in rates granted by the State Railroad Commission in May last to the San Joaquin Light and Power company was based on an underestimation of the production and expenditure of the company, and that an additional surcharge of 10 per cent would be needed to meet the increased expenditure, is the reason given by the company for an application to the railroad commission to increase the surcharge to 20 per cent.

According to E. B. Waldhall, assistant manager of the company, the company in its former application underestimated the number of kilowatt hours, and overestimated the amount of water power available. He also stated that the scarcity of water had necessitated a greater amount of steam power with the consequent greater consumption of fuel. The hearing is announced to come before the railroad commission shortly.

Fresh materials representative of the county will be the duty of the person in charge of this exhibit to provide annually new materials for the county exhibit in the Liberty Fair, maintained by the California Development Board. This exhibit is maintained in connection with other county exhibits and accretes the replenishing with fruits and other products annually.

South is interested. "The Chamber also maintains an exhibit at Agricultural Park, in Los Angeles. This will also be placed under the control of the person in charge of the auditorium exhibit. In addition to this, materials will be collected and held in readiness either on cold storage or warehouse, to be used at the Sacramento Fair, the Fresno Fair or the Los Angeles Fair, as may be required.

By employing a competent person to handle this work these exhibits can be maintained at a standard that will do credit to the county and through cash prizes possibly at Sacramento and Los Angeles, considerable of the expense can be taken care of.

"For example the Chamber of Commerce won \$1,000 in cash prizes at Sacramento on the exhibit prepared on two weeks' notice.

Single Tax Discussed. The Single Tax plan, now in exploitation throughout the state, was also before the Chamber of Commerce board yesterday for discussion and action, as presented in opposition by L. E. Burkes of San Francisco.

Action was deferred until a later meeting, but in discussion the attitude of individual members of the board was voiced in the following statement by Director William Glass:

"The proposed amendment to the State Constitution contemplates putting into operation the single tax principle, beginning January 1, 1919. Its proponents advocate a modification of the principle of private ownership of real property. Henry George, apostle of the single tax movement, is on record as saying that private

## THINKS AUSTRIA CAN HANG OUT

AMSTERDAM, Sept. 12.—Baron Von Hoeser, the Austrian premier, in a speech at a dinner given to German journalists now visiting Austria, is quoted in a Vienna dispatch as saying:

"Under the glorious Hapsburg scepter for centuries Austria has become a state of strength which will enable it to meet every defaming catchword, to expel and overcome disease bearers and to offer strong resistance to all attempts to break it up, no matter from what side they come."

Ownership in land is a monstrous wrong. Now if this is so (which I do not acknowledge) it seems to me that the question should be discussed on the merits of the main proposition, and then should a decision be reached that the single tax is right, and that private ownership in land should be abolished, it would be only simple justice to award compensation to present owners, before taking the land over by society. This would only be fair, inasmuch as the owner has in the past used his accumulations in land, under the laws and usages now and heretofore in force. To put the single tax into operation without compensation to the present owners of land would be simple, bald, indisputable confiscation. I do not believe that society has a right to adopt a measure that means confiscation in any form, if they understand it. Unimproved city lots would be burdened with an amount of tax that would mean so much a change in the status of ownership as to amount to a practical taking over of the property.

"If this proposed single tax is a reform measure, then I believe we have progressed far enough along in civilization to demand that we be guided by the principle of compensation in the proposed reform, and that, therefore, this proposed amendment, which does not take this principle of compensation into account, should be defeated."

Greater Membership. "The Greater Membership" undertaking for the County Chamber was also considered by the directors in session, during which it developed that Chicago is interested in Fresno.

Correspondence was submitted that indicated a desire on the part of Chicago experts to come to "The Garden of the Sun" and put in operation plans that have been successful elsewhere in arousing interest in county organizations, with a very material increase in membership and revenue.

A committee was appointed to investigate plan and people and results.

CHAS. POTTS FUNERAL TODAY. Funeral services of Charles Potts, who died at a local hospital, will be held at 3 o'clock today from Hopkins & Son's chapel. The decedent was a native of England and 69 years old. Hopkins & Son have charge of arrangements.

## FINISH OFFICIAL VOTE COUNT TODAY

Close Race Revealed by  
the Canvass: Super-  
visors Meet Today

The supervisors probably will finish the primary election count today. The vote for state officers was duly completed and forwarded to Sacramento Tuesday.

The official count confirms most of the semi-official returns already given out. Ray W. Baker is shown to lead the county ticket. The race between G. W. Smith and J. K. Reeder for justice of peace is shown to have been close, as was also that between George Andrews and A. B. Cray for public administrator.

Judge H. E. Briggs goes on the ticket with McCormick and with Cashin and Austin, the latter two of whom received majority votes. Briggs' vote was 10,151, 381 votes behind McCormick. The count shows 10,632 votes were required for a majority. The contest which runs in Fresno, one of the closest of the whole campaign, gives G. E. Machen 4,152, G. R. Harkness 3,898, and Edgar Nichols 3,877, and Ray E. Fair 2,441, the four to stand for election for two constabli-

ships. Campbell E. Beaumont is definitely elected sole nominee for district attorney. He received 9,910 votes, against 9,427 for his opponents, Klette and Reickley. Many voters were unaware of Reickley's withdrawal, apparently, and he received over 1,000 votes.

Returns for non-partisan candidates, except a few of the constables and justices, are the following:

Associate Justice Supreme Court. Judge Thomas J. Lennon ..... 9,744 William G. Leigan ..... 8,785 Curtis D. Wilbur ..... 12,418

Associate Justice, Short Term. Wilbur ..... 1,461 Appellate Court Justices. John E. Richards ..... 13,210 Superior Court. H. Z. Austin ..... 13,166 Herbert F. Briggs ..... 10,151 D. A. Cashin ..... 11,377 George E. Church ..... 7,859 M. E. McCormick ..... 10,632

Superintendent Public Instruction. Edward Hyatt ..... 5,861 Mark Koppel ..... 2,182 Will C. Wood ..... 3,772 County Superintendent. A. E. Balch ..... 8,824 Clarence H. Edwards ..... 9,910 County Clerk. D. M. Barnwell ..... 16,103 Sheriff. Ren. Brant ..... 4,750 W. F. Jones ..... 7,198 H. Thorwaldson ..... 6,343

Recorder. R. N. Barlow ..... 8,618 W. H. Spencer ..... 4,656 M. Sullivan ..... 5,567 Auditor. C. B. Barnum ..... 11,144 F. L. Irwin ..... 6,512 Treasurer. A. D. Ewing ..... 16,392 Tax Collector. Ray W. Baker ..... 17,267

Assessor. Thomas J. Barry ..... 5,372 Cummings ..... 12,609 District Attorney. Campbell E. Beaumont ..... 9,910 Henry Reickley ..... 1,004 Ernest Klette ..... 2,423

## Real Estate and Building

### "THATCH" BUNGALOW IS COMPLETED

Building Company Will Erect Only Cottages Until End of War.

An attractive stucco aeroplane house, the last that will be built by the company until after the war, is just being completed by the Central California Land & Improvement company on Franklin avenue, just west of Canal avenue.

The exterior of this home is finished in yellow cement stucco with a gray-green composition roof curving over the eaves after the fashion of thatched roofs so commonly used in European countries.

### ALFALFA RANCH REPORTED SOLD

A sale of 150 acres, 110 acres of which is in alfalfa, is reported for the district between Kerman and Kearney park. E. H. West is reported to have bought the C. G. Eberhart ranch. As none of the parties could be reached last night, the terms of the sale were not known. The buyer expects to complete the planting of the whole tract.

The ranch is situated in one of the best dairy sections of the Kerman region, about three miles east of the town.

I will buy first or second crop black or white grapes. Black grapes, \$30 ton. Luis Gennucco, 1511 E. street.

Mallory Hats

Fashioned for American Gentlemen

It's Quality that makes a hat wear, and it's Style that makes it desirable.

Mallory Hats

MALLORY HATS supply you with both style and quality. They are made of fine fur which is converted into excellent felt, they are blocked and trimmed by expert American workmen knowing hat-style up to the newest curve, and they'll wear until you want a new hat. Only the best hats do that.

Ready now in the new Fall styles

BACK AGAIN

HIP

REOPENS SUNDAY

table, an ivory enameled breakfast set, room in place of the usual paneling, white delicate china above the plate shelf and on the walls of the living room harmonize with the unusual electric fixtures in these two rooms.

The spacious kitchen is equipped with all of the usual conveniences found in the modern home. A sunny breakfast alcove contains in place of the customary built-in benches and consisting of a table and four chairs with Japanese decorations. A service porch and extra large pantry closet go to make the culinary department of this home exceptionally complete.

The remainder of the lower floor contains one bedroom with disappearing windows, bathroom, coat closet and linen closet. Upstairs there are two good-sized bedrooms and a small sewing room capable of conversion to a maid's room or spare bedroom. The woodwork throughout the house is finished in ivory enamel.

The company will erect only a few cottages during the war period.

Continued wet weather is liable to put an end to heavy green fruit movement, according to local shippers. The crops of the Sacramento valley and as far as Turlock have been damaged already, and the showers of last night may have damaged fruit in the Fresno region. A shipper who does a statewide business said last night that the damage to the Tokay crop in the local district would amount to hundreds of thousands of dollars, and the Tokay there will not usually stand rain. The fruit here may yet be all right. The Altagas and other shipping grapes may be damaged here if the weather continues wet.

Any considerable rain will mean that the drum-packed shipments of Malaga, Emperor and other grapes will likely be of inferior quality, and this will mean more risk and lower prices. Malaga brought \$2 a crate in Chicago yesterday and shippers and growers are hoping the storm will blow over without damage.

The dried fruit crops of the state stand to be greatly damaged. Reports from the north and from the Santa Clara valley indicate one of the heaviest rains of years, and much fruit knocked from the trees, or wet in the drying yards. Telephone messages from Marysville, Sacramento and San Jose last night all warned the people here of the heavy rains. A Santa Clara grower told a Fresno shipper most of the prunes were knocked from the trees, and that the damage to them from being beaten in the mud is incalculable.

Some Thompsons and some dried peaches are supposed to have been damaged in the north. Raisin pickers were set to turning trays in the Muscat vineyards yesterday. Many of the workers took the day off on account of the registration holiday.

### GRISSOM GUILTY; LIFE IMPRISONMENT

CAMP KEARNY, San Diego, Sept. 12.—William Grissom, a private in the 15th (Colorado) infantry, was convicted of murder by a general court martial here last May. It was announced today upon receipt of orders from Washington commuting his sentence from that of hanging, imposed by the court, to life imprisonment.

The commutation was by order of President Wilson.

Grissom and Horace St. John Clark, a private in the same regiment, were convicted jointly of the murder of Francis M. McCreary, a chauffeur, for theft of his automobile, and desertion. Clark's sentence of thirty years imprisonment was announced some weeks ago.

The men were captured at Fountain, Colorado, last April, after a chase which began immediately after McCreary was found dead at Lemon Grove, near San Diego, January 10, last. The pursuit at one time led officers of the city of San Diego, who made the arrests, to the Mexican border and extended through several western states. Grissom is to be confined at McNeil's Island, Wash.

DEMANDS MANHOOD VOTE IN PRUSSIA  
AMSTERDAM, Sept. 12.—A protest of the German Socialist party against the Prussian electoral reform comedy and a demand for the dissolution of the Prussian house of lords is published by the Berlin Socialist newspaper Vorwaerts in display type on its front page.

In the name of the millions who are behind us and who cannot today bring their influence to bear on the government, the manifesto reads: "We enter the strongest protest. A way with the three class parliament! Away with the upper house! Long live democracy and peace!"

### CALLS REPUBLICAN MEETING SATURDAY

Chairman George Cosgrave has issued a call for members of the newly elected Republican Central Committee to meet on Saturday afternoon at two o'clock, in his office in the Trust company building.

It will be the first meeting of the new committee and their first work will be the appointment of a delegate to the state convention at Sacramento.

### WOMAN IS STRUCK BY STREET CAR

Mrs. David Cupples, 411 College avenue, was severely injured when struck by a street car at Fresno avenue and Belmont avenue about 4:30 o'clock yesterday afternoon. Conductor Oscar Wolf reported to the Fresno Traction Company that Mrs. Cupples had been a passenger on his car, and that she had gotten off the car and had stepped in front of it a little later. The woman was thrown to the ground and rendered unconscious. She was treated at the emergency hospital by Dr. Pomeroy, and later removed to her home.

## SAVE

### A Money-Saver as well as a Soap

Fels-Naptha is more than a soap.

It is a saver of money.

It cuts out much of washday rubbing; makes boiling unnecessary, and the clothes therefore last longer and look better.

Besides—look at what you save on coal!

\$7.50 Woolnap Blankets at . . . . . \$5.95  
\$9.00 Woolnap Blankets at . . . . . \$6.45  
\$10.00 Woolnap Blankets at . . . . . \$6.95

### Our Shoe Department Is Bristling With Bargains

#### CHILDREN'S SPECIAL

\$1.45 For \$2 Shoes in Sizes 2 to 5

Wonderful values in children's shoes—just the kind they need for dress or school wear. Patent pumps with all colored tops; hand-turned flexible soles; you can't get them for less than \$2 in any other store.

Women's Shoes \$2.95 Worth \$4.00

Good, comfortable shoes for women; cloth tops, black; Common Sense and Military heel shoes; regular \$4 values.

\$7.50 Models For \$5.45

Up to date models in Gray and White cloth top and Red vamp shoes for ladies; hand-turned flexible soles and French heels.

Men's Shoes \$2.95 Worth \$4.00

Some of the best values we have ever shown in men's shoes; dress models worth all of the \$4 regularly charged.

Work Shoes \$3.45

Better take advantage of this big bargain. Men's work shoes regularly worth \$3; good grade shoes that will give good wear.

### FALL DRESSES

At Money Saving Prices

\$9.98 For \$20.00 Values

\$18.75 For \$25.00 Values

We don't know where you can find such a beautiful line of serge and taffeta dresses at the prices we are selling them for, any place here in the Valley. We have a wonderful line—and right at the beginning of the season we are selling them at prices that are as low as they will be at the end of the season in other stores.

### Serge Skirts at \$4.48

—Worth \$6.50

Separate skirts of serge are going to be very popular this Fall and Winter, and we are ready for you with a big stock of high grade skirts that we are selling at prices far below their regular value.

### Fall Millinery

—Lowest Prices in Central California

Nowhere in Central California can you find such wonderful styles in Millinery at such low prices. We have never shown such beautiful styles and the prices are so low that you can afford two or three hats at the prices we are quoting.

French Sailors, \$3.95  
Belgian Bonnets, \$3.98  
Aviator Hats, \$1.98

Silk, Velvet and Plush Shapes \$2.49  
Velvet Trimmed Hats Worth \$7.50 \$4.98

If you like to choose your own style and have it trimmed to order, you should select the shape from our big stock of silk velvet and hatter's plush shapes. They're wonderful bargains.

We have some very classy models in trimmed velvet hats—models that would sell in any other store for at least \$7.50, but you will see that our price is very much lower.
